

Household Jobs

All jobs must be done weekly. Payment will be made for the job only if the job is completed by 7:00 p.m. on Saturday. Any job not completed by 7:00 p.m. on Saturday, the job must still be completed by Sunday at 7:00 p.m., but no payment will be made. A parent must approve the satisfactory completion of the job. Each kid in the house must sign up for three jobs per week. The additional job will be taken by any kid who is not either working outside the home or in an extra-curricular activity. The kids may swap or bargain with each other on completing the jobs, but whoever signed up for a task is ultimately responsible if the job is undone or not done to satisfaction of the parents.
